

Single Hauler Trash Service

Public Forum and Information Session

April 1, 2026 at 6:00 PM

Painesville Township Hall, 55 Nye Road

What is Single Trash Hauler?

- ORC allows Townships to institute a single trash hauler restriction for the community.

What are the Benefits to Painesville Township Taxpayers:

- Saves residents and Township money
- Provides consistent, reliable service throughout the township
- Residents will be directly billed by provider each quarter
- Reduces the number of trucks on the road each day
 - Reduced roadway wear and tear: Heavy trucks cause a disproportionate amount of pavement damage compared to passenger vehicles.
 - Lowers long-term road maintenance: Reduction of heavy axle loads extends the pavement life and delays costly resurfacing, patching and reconstruction projects.
 - Improved neighborhood air quality: Fewer collection vehicles result in reduced diesel exhaust emissions, helping lower particulate matter and nitrogen oxides in residential areas.
 - **Five year contract projected to save the taxpayers approximately \$270,000.**

Benefits, Cont.

- Creates weekly curbside recycling pick up
- Creates weekly yard waste pick up (April – 1st week in Dec)
 - Christmas tree pickup will still be provided by the township
 - Eliminates brush drop off need for overtime in the Service Department as well as reduces wear and tear on equipment
 - Eliminates annual brush/leaf pick up Township wide
- Single Hauler negatives:
 - Removing choice of hauler service

Trash contract details:

- Bid Specs Included:
 - All-inclusive bundle pricing, including:
 - Trash service - weekly with a tote
 - Recycling service – weekly with a tote
 - Yard waste service – weekly with approved bags or bundled limbs
 - or-
 - Separate, al-a-cart pricing, per service

We recognize that not all residents would utilize all services available through the all-inclusive bundle, so the a-la-cart pricing provides the best pricing option while offering the most comprehensive options.

Important dates and timeline forecast:

- January 30 and February 6, 2026: Bid notice published.
- March 6, 2026: Bids opened and reviewed.
- April 1: Public forum, feedback and discussion.
- May 1 (subject to approval): Township to receive public information brochure for review.
- May 25 (subject to approval): Initial brochure and informational mailing to all residential Painesville Township customers.
- June: Contractor to begin delivering containers to township households based on customer requests.
- July 1 (subject to approval): Single hauler services begin.

Proposed Pricing: All-inclusive / Individual

- Proposed Service Supplier: Major Waste Disposal provided the lowest AND best bid option for all services.

Individual Service Options:

Trash: \$17.00/month

Bag service available: \$4.00/bag (in lieu of monthly cart service)

Weekly Recycling: \$8.00/month

Weekly Yard Waste: \$6.00/month

Additional Details

- Initial contract length is 5 years.
 - May be extended an additional 5 years, up to two times.
- Annual increase is set at 3%.
- Major Waste currently services approximately 5,500 of the 8,800+ households in the Township.
- Additional containers are available for a fee.
